Bill #4128 is going to the Senate. Lakewood should incorporate any changes in regard to eminent domain that benefit single family owners regardless of zoning. Thank you!

Karen Kellen:

Eminent Domain – Last sentence on page in parens – “(If only a portion of a property ... only that portion)”. Potential unintended consequence. Consider a requirement to take all property (at owners option?) if % of property taken or if so much is taken as to eliminate current use. This avoids taking most of property and leaving unusable piece that owner is stuck with and can't get rid of.

I would like to be included in the area.
