Dear Mr. McAfee:

This letter is to thank you for the vital role you played in saving the life of a 2-year-old child and to award you with the Lakewood Police Department's Citizen Commendation.

On September 1, 2008, at about 4 p.m. our Dispatch Center received a call of a baby that had fallen into a swimming pool at 1785 Kendall Street and was not breathing. When Lakewood Police agents arrived, the baby was breathing. An investigation into the incident determined that the mother of the baby was at the pool with her four children. They were about to leave and the mother was securing one of the children into a stroller. The mother turned around and saw her 2-year-old face down in the pool.

You and Ms. Elliott pulled the lifeless body of the 2-year-old from the pool and placed her on the deck, where you began chest compressions and the Heimlich maneuver. You gave the child rescue breaths and repeated the process two or three times before Ms. Elliott took over with the same procedure. After approximately 45- to 90-seconds, the child began to cough up water and wheeze. Upon the arrival of paramedics, the child was transported to the hospital where an emergency room doctor indicated that you and Ms. Elliott had likely saved the toddler's life.

Mr. McAfee, it is my belief that your quick response prevented the tragedy of a little girl drowning that day. Therefore, on behalf of the Police Department and the citizens of Lakewood, I am proud to award you with this Citizen Commendation. I want to thank you for your alertness and willingness to become involved which resulted in the saving of a life.

Sincerely,

Kevin Paletta  
Chief of Police
