Lynn Coppedge joined the City of Lakewood in 2014 during the early stages of the development of the city's Sustainability Plan. Over the course of her five years of service with the city, Lynn played an integral part in developing the city's Sustainability Program and establishing the city as a leader in the region and country, as she led and supported the implementation of more than 60 different sustainability programs, policies, and initiatives.

Some of Lynn's many accomplishments include co-managing Lakewood's first Sustainability Plan, overseeing Lakewood's annual sustainability report, launching municipal compost collection and zero waste programs, coordinating municipal renewable energy procurement, establishing the Lakewood Sustainability Cooperative, managing Lakewood's communitywide greenhouse gas inventory, coordinating numerous Earth Day Celebrations, and implementing the Employee Commuter Rewards program.

Lynn's diligence, enthusiasm, hard work, patience, and unmatched level of productivity resulted in impacts worthy of recognition from the community and city leaders.
