Energy Efficiency and Conservation Project

**John Vaughn, Bob Price, Chris Younger, Paul Hickson and Pam Browning** have worked tirelessly to improve the energy efficiency of the Public Safety Building, Civic Center Commons Buildings and the four recreation centers. Their combined efforts in city-owned buildings have:

- Reduced overall energy demands
- Reduced the emission of greenhouse gases
- Reduced water consumption
- Minimized the City's carbon footprint
- Improved or replaced mechanical systems
- Retrofitted old temperature controls with efficient electronic controls
- Brought the City more than \$80,000 in rebates from Excel Energy – dollars used to fund other energy conservation projects throughout the City.
- Performed lighting upgrades

### Project Achievement Area
