ZONE DISTRICT SUMMARY

C-R

Commercial - Regional

The C-R district is intended to provide for regional commercial development along major street corridors and near highway interchanges. The district is intended to accommodate the highest levels of motor vehicle activity, although pedestrian activity will still be an important element of design. The district reflects a more suburban character, with parking allowed in front of buildings, and commercial buildings separated from residential uses.

The official Zoning Ordinance is available online: www.lakewood.org/zoning

Building Set		Minimum:	15 feet
